## THE "LAWS" OF BUSINESS SUCCESS.

There is no thumb-rule or pocket receipt for commercial success, a man of character and industry and skill, will succeed. The individual counts for everything, the same rule applies to mechanics. Take, for instance, the talking machine—no moral philosopher who has two eyes and two ears can delude himself into thinking that the Edison Phonographs and the Victor Talking Machines and Records are not the very best, though he may be told by competitors, the contrary. Here is where reputation counts; Mr. Ademor N. Petit, an expert with 16 years experience in Talking Machine constructions, says: That their good qualities are not only skin deep; indeed, the quality or qualities that lead to their conspicuous commercial achievement are as elusive as the qualities that go to make a Poet or a Beautiful Woman.

Mr. Petit is located at 318 N. Howard Street, to deal especially with Talking Machines, there one may receive every attention. Prices are absolutely the same as at the factories.

**F**OR the past forty years it has been a specialty of our House to use every effort to secure pure foods and sell no others. We regret to say that each year this seems more difficult on account of the great incentive to produce and manufacture adulterated articles used for food. The reduced prices claim ready purchasers; for this very reason it has often been said by intelligent people that we are high price merchants. Of course we are high price dealers compared with those who sell anything, just so it will pass, but that is not our idea of good business methods. Our aim is to test every article we import and every variety of merchandise we buy so that we can guarantee the quality of all goods sent out. There is only one way to secure the best, that is to pay value received. We do not claim to be the Cheapest House in Town, but we do claim to carry the most carefully selected stock of Teas, Wines, Brandies, Whiskey, Cordials, Olive Oil, Cereals, Canned Fruits and Vegetables, Vinegar made from Apple juice, English, French, German, Spanish and Italian Products, etc., etc. We do the largest business of any House in our line in Baltimore. *Why?*

# *Girls' Latin School*

OF BALTIMORE

*St. Paul and Twenty-fourth Streets.*

A strictly college preparatory school for both boarding and day pupils, having the largest attendance of any school of its class in the East. Certificate privileges are held with Smith College, Vassar College, Wellesly College and Woman's College of Baltimore.

The hygienic construction of its two buildings has received unsolicited editorial praise from the U. S. Health Bulletin.

Fourteen University and College Graduates compose its teaching force. Especial attention is given to the methods of instruction as well as to the character of the material presented.

An excellently well equipped gymnasium of large proportions enables two specialists to secure the proper physical development of the students.

One of the best chemical laboratories found in preparatory schools, an excellent library, and satisfactory equipment in all other school helps adequately provide the tools of instruction.

A school where thorough work is done and where a high moral atmosphere prevails.

A thorough organization of all features of the administration secures individual attention to the needs of each pupil. Classes are small, and home work is carefully directed.

W. S. MARSTON, A. B., C. E., Principal.

---

*The Directors of the School, after careful investigation of its record and present condition, feel that they can with justice fully endorse the Principal in his past and present work, and call attention to the following features of the School:*

The very large number of boys (more than 300) sent to the Johns Hopkins.

The number of scholarships (over 40) won at the Johns Hopkins.

The marked success of its graduates not only at admission examinations but in college work and in after life.

The high ideals held up to its pupils.

The absolute intolerance of anything ungentlemanly, whether in school or in athletic contests.

The system of Personal Advisers.

The constant supervision and unremitting care bestowed upon individuals by the Masters.

The Primary Department, with separate corps of teachers, especially trained for this work.

The buildings and equipment, which easily surpass those of any day school for boys in the City or in the South

The absence of crowding in classes and in study rooms.

The course of study.

(Signed)

FREDERICK M. COLSTON,  
C. MORTON STEWART,  
ALLAN McLANE.

*For the past 30 years we have devoted our entire  
attention and energies to manufacturing and  
laying Hardwood Floors*

**WE ARE NOW CONSIDERED EXPERTS IN OUR LINE.**

— — — — —  
In this age of keen competition quality is often sacrificed for price. This is particularly disastrous in our line, for if a floor is not made of wood carefully selected and cured and extreme caution used in every detail of manufacture, the floor, instead of being one of the most beautiful and satisfactory features of the home, will be a source of constant care, annoyance and expense.

Hardwood floors last a life time, and they are a necessity in every modern home.

**"LET US ESTIMATE."**

**WE MAKE OLD FLOORS BEAUTIFUL AT LITTLE COST.**

## PROTECT YOUR BOOKS!

They're too valuable to be strewn about the room or house exposed to dust and damage! Of course you can't help it, if your book-case is full and of the old style solid construction. Better get rid of such a case, or start a new one that will always accommodate your books without being either too large or too small—one that grows with your library and always fits it. The

### Globe-Wernicke "Elastic" Book-Case

is the original and only up-to-date sectional book-case and is made by the largest manufacturers of such goods in the world. It's furnished in a variety of grades, sizes

and prices, adapted to any and all requirements. It's a system of units, each unit fitted with the perfection dust-proof roller-bearing door. But we'll be glad to show them if you call, or will send illustrated catalogue on request.
